

# CARRYING HANDLE

## The Perfect Transport Tool for BARCO's 5000/8000 Series LCD Light-Valve Projectors

This Carrying Handle facilitates the transport of all 5000 / 8000 Series Light-Valve projectors and protects the projector against impacts. This Carrying Handle is particularly recommended in rental and staging applications. The mechanical design of the Carrying Handle makes it possible to place the projector with the handle on a small table.

### Features

- Can be easily mounted under the projector by means of three bolts
- Heavy duty design which protects the projector against impacts
- Can be placed on a table of 0.75 m x 0.75 m (30" x 30") when inserting the carrying feet of the projector into the carrying handle
